### **Clean Seed Capital (TSXV: CSX) Commences Production of its award winning CX-6 Smart Seeder for its 2016 order commitments**

*Vancouver, B.C. - August 18th, 2015 - Clean Seed Capital Group Ltd. (the "Company", "Clean Seed" or "CSC") (TSXV: CSX), announces that it has initiated the production of its award winning CX-6 SMART Seeder with WS Steel Manufacturing in Steinbach, MB.*

"This is a major step forward for Clean Seed", said Graeme Lempriere, CEO of Clean Seed. "Aligning with WS Steel has expanded our capabilities and expertise, allowing us to meet our 2016 targets while preparing to ramp up for increased sales volume in 2017 and beyond."

WS Steel is a Tier 1 highly automated, sophisticated manufacturer with a 25 year history working in the agricultural equipment manufacturing sector as a component and final assembly provider for companies of all scale, from small family owned to Fortune 500.

Under the terms of the agreement WS Steel has invested significant capital in production design and engineering to commence production of the award winning CX-6 SMART Seeder.

"This milestone marks the production launch of our initial purchase orders, in line with our plans for the roll out of our CX-6 SMART Seeder", added Lempriere. "With a combination of Fortune 500 Ag equipment experience, turnkey scalability, cost effectiveness and technological expertise; WS Steel is proving to be our ideal partner."

The CX-6 SMART Seeder gives farmers the ability to deploy up to six products simultaneously to create pinpoint seeding precision on every square foot of their field. Farmers will see large economic gains from this new technology through higher yields, high resolution site specific management, seed and fertilizer optimization, overlap elimination, improved seed handling and placement and logistics management; all while limiting inputs.

"It's a remarkably innovative product that we feel will alter the future of farming and we're proud to be a partner in this important initiative." said Joe Waldner, President of WS Steel. "With our comprehensive and unique manufacturing capabilities, we are excited to commence the manufacturing process of the CX-6 SMART Seeder."
